

FALL 2022

PEE WEE® AND FRIENDS

FRIDGE Art

Hey Kids,

Last time, I asked you what you were saving money for and I enjoyed seeing the variety of things from plush toys to a new bed to a horse! I've also been saving money this summer and bought some comic books and a fish milkshake. Your drawings are the best part of looking at my fridge. Fall is in full swing and I am enjoying the cooler weather.

Another great thing about fall is International Credit Union Day! This year we'll celebrate on October 20, 2022. You are a part of a 375 million credit union member movement in 118 countries around the world (get more stats on the back)!

Your Friend,

Pee Wee

THE CREDIT UNION DIFFERENCE

Your credit union is a different kind of financial institution. We'll celebrate that difference this fall on International Credit Union Day, October 20, 2022. Check with your credit union to see how they're celebrating!

Here are some facts about the history of credit unions:

- The credit union idea started as a simple idea of people pooling their money and making loans to each other.
- The first true credit unions were created in the 1850s in Germany.
- The idea spread to communities around the world. In the early 1900s, a credit union started in Canada and the idea soon spread to the United States.
- International Credit Union Day has been celebrated on the third Thursday of October since 1948. The day is recognized to reflect upon the credit union movement's history, promote its achievements, recognize hard work and share member experiences.
- You are now one of the 375 million credit union members in 118 countries!
